Exceptional Car

Exceptional Passion

At Chubb, we understand and share your passion for the cars you collect, restore and drive.

We understand that beyond an investment, a collector car is a highly personal possession that embodies your many dreams brought to life. As collectors ourselves, we know that—above all—your car is “your baby.” This is why we’ve made every effort to build the best collector car insurance program in the business.

Exceptional Coverage

Some examples of our innovative coverages and features include:

“Agreed Value” Coverage That Can Increase With The Value of Your Car. The value of your car is determined at the time you purchase your policy, so if your vehicle suffers a covered total loss, there’s no haggling over value. Furthermore, with proper notice, you can increase coverage of the vehicle to proper market value anytime prior to a covered loss.

Choice Of Body Shop. A “must-have” feature for any collector car. Chubb allows you to choose the facility that will repair your car after a covered loss.

No Mileage Restrictions. The policy does not limit coverage for hobby use of your vehicle in collector activities, exhibits and parades, so you can fully enjoy your collector car without monitoring the odometer.

Coverage For Newly Acquired Autos Worldwide. Once you have a Chubb Collector Car policy, your coverage automatically extends to any new collector cars you buy anywhere in the world for 30 days from the date of purchase. The additional coverage is limited to the new car’s verified purchase price, and the new car cannot be used for business. When the new vehicle is added to your policy, the additional premium will be applied retroactively to reflect your ownership from the date of purchase.

High Limits For Comprehensive, Collision and Liability. Large or small, we can accommodate car collections of all sizes. As for liability, we offer limits up to \$50 million. As a global insurance leader that has insured collections of all kinds for over 100 years, Chubb’s experience and expertise make us the perfect fit for avid car collectors with expansive and one-of-a-kind collections.

Exceptional Coverage (continued)

Up To \$3,000 To Help Cover Losses To Trailers. Higher limits are available for trailers of higher value. A \$250 deductible applies.

\$750 For “Loss Of Use.” This addresses your immediate concerns after a covered loss for items such as car rentals, meals, lodging and other reasonable incidentals that may be needed when a covered loss occurs more than 50 miles from your closest residence.

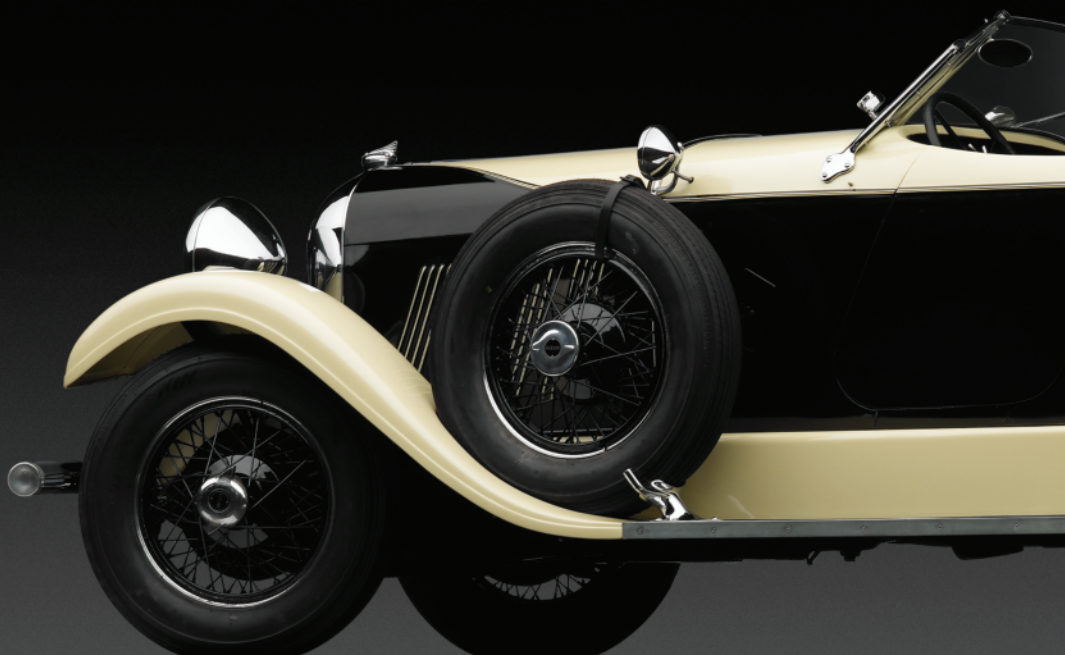

Fair Replacement of Parts. If you experience a covered loss, we’ll help you to properly restore your vehicle to its pre-accident condition and authenticity.

Off-premises Coverage. If you purchase a collector car that needs immediate repairs, you don't have to wait for your vehicle to leave the body shop to insure it. With Chubb, you can obtain a policy as soon as the title changes hands. Protection from covered losses that occur while your car is located at the body shop is provided automatically and, as long as you pay your annual premium, can remain in force for months—even years—if necessary.

No Deductible. There is no deductible for covered collector vehicles.

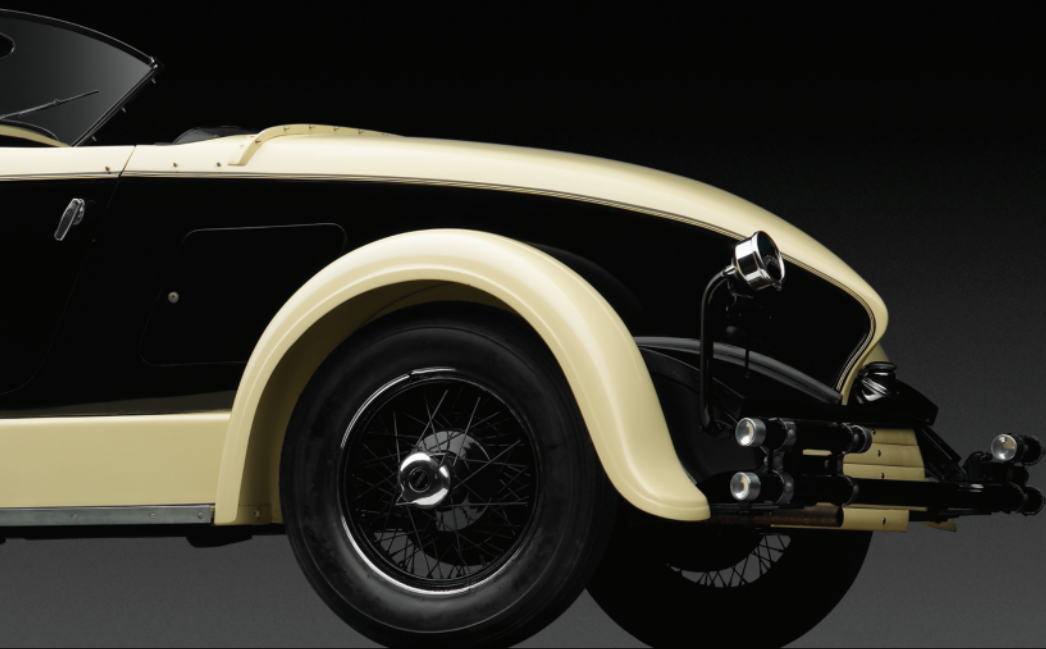

Exceptional Service

The real test of any insurance company is the way it responds at the time of a claim. For more than 130 years, unparalleled claim service has been a hallmark of Chubb. What's more, the Chubb claim settlement satisfaction rating is one of the highest in the industry as rated by our customers and agents. Our highly trained claim service representatives work hard to achieve a settlement that is swift, equitable and trouble-free.

Services include:

Chubb Claim Hotline 1-800-CLAIMS-0. Call anytime 24/7/365 to report a loss for any Chubb policy.

Towing. If your car is disabled in a covered loss, Chubb will not only pay the fair cost to move your vehicle to the shop of your choice, we will do so using the transport of your choice. Chubb will also cover the emergency labor costs incurred at the time of the incident.

Safety And Security Inspections For Your Garage Or Storage

Facility. For collectors with a collection of cars valued at \$1 million or more, we offer a complimentary evaluation of your garage facility. The comprehensive review includes a written report that offers recommendations to maximize safety and minimize exposures to theft and other types of losses.

Referrals To Top Restoration Specialists When Needed. With over 30 years of experience settling collector car claims for over 20,000 collectors, Chubb has seen it all. Look to Chubb to quickly refer you to some of the best restorers and parts dealers in the country.

Referrals to Classic Vehicle Transportation Companies. Chubb can offer guidance when selecting a transportation company should you need to move your classic car in the event of a new purchase, a great car show far from home, or the occasional driving rally.

Exceptional Experience

Chubb receives consistently high ratings for financial strength from A.M. Best, Moody's and Standard & Poor's, the leading independent analysts for the insurance industry.

As a premier global insurer of collections of all kinds (fine art, jewelry, historic homes, classic cars and yachts), Chubb understands the need and the desire for customized solutions for sophisticated collectors. This is why so many of the world's most affluent and passionate collectors trust their treasures with Chubb.

No wonder that in 2015 and 2016, Chubb was recognized as the Best High-Net-Worth Insurance Company by *Private Asset Management*, a leading publication that reports on the wealth management industry.
